

**REMARKS**

This is in response to the Office Action of November ~~21~~, 2005.

New corrected drawings have been required because the black silhouette of the structural members obscures the details of the specified features. Further, additional numbers were required and were inadvertently omitted. Applicant is submitting the revised drawings herewith and has added FIGS. 1b and 1c which are FIG. 1a in an assembled condition and in view with the phantom line shown to further elaborate on the invention.

Since Claims 1-6 have been allowed, reconsideration and allowance of this application in its amended form is respectfully requested.

Respectfully submitted,
